Kyoto University

Founded in June 1897, Kyoto University has a long history and enduring traditions. The main campus is located in the historic city of Kyoto, a center of traditional Japanese culture. Since its founding, the university has been dedicated to furthering higher education and fostering an atmosphere of free academic exchange. Graduates of the university play important roles in both national and international affairs, as key players in politics, industry, and society. At present, Kyoto University comprises 10 faculties, 18 graduate schools, 13 research institutes, and 23 educational institutes and other establishments. Approximately 2,700 of the university's 23,200 students hail from overseas. With students from over 120 different countries and regions, the university's campuses boast a rich cultural diversity.

For further information about Kyoto University, please visit the following website:

<https://www.kyoto-u.ac.jp/en>

I Outline of the Undergraduate International Course Program of Civil Engineering

An international course in the Undergraduate School of Civil, Environmental and Resources Engineering has been offered since April 2011. The course focuses on civil engineering for which all classes are provided in English. The course aims to cultivate human resources capable of designing and managing civil infrastructures while considering global environmental issues around urban and regional areas, particularly in Asian and African countries.

This course is a 4-year program leading to a Bachelor of Engineering degree. In the first and second years, students are required to take classes in fundamental mathematics and physics as well as liberal arts. Scientific English and basic Japanese classes are also available. From the second year, specialized civil engineering classes begin, including classes in environmental engineering, earth resources and energy science. For the first three years, all classes will be offered at Yoshida Campus, the main campus of Kyoto University. In the fourth (final) year, students with sufficient credits will be able to join a research group and may relocate to one of the university's other nearby campuses, such as Katsura Campus or Uji Campus. Many of Kyoto University's civil engineering related laboratories moved from the main campus to Katsura Campus in 2006. The campus is renowned for its excellent research environment and experiment facilities. Each student will undertake research for their bachelor thesis at his/her designated laboratory. The thesis must be presented and examined in February of the final year, in order to graduate in March.

Kyoto University's many international partnerships with institutions overseas provide students with opportunities to undertake study and research not only in Japan, but also in other countries. A credit transfer system will be made available for students who wish to study outside of Japan for a certain period.

After completing this course, it is recommended that students continue their research in a master's program and some choose to further continue to a doctoral program. Postgraduate programs providing further education and research opportunities in English are available in the Graduate School of Engineering, such as master's programs in the Management of Civil Infrastructure, and Urban and Regional Development in addition to a doctoral program in Human Security Engineering.

For further information on the curriculum and other aspects of this course, please visit:

<https://www.s-ge.t.kyoto-u.ac.jp/int/en>

II Enrollment Capacity

A maximum of 30 students can enroll into the International Course Program (hereafter referred to as "ICP") who directly apply to this course according to the admission process outlined in the following. Some additional students may enter the international course program who have successfully passed the regular Kyoto University entrance exam for the Undergraduate School of Civil, Environmental and Resources Engineering and who have sufficient English skills.

Undergraduate School of Civil, Environmental and Resources Engineering	
International Course Program (All classes are in English.)	<u>30 persons</u>
General Course (All classes are in Japanese.)	155 persons
Total	185 persons

*Those who apply to this admission, regardless of the result, CANNOT apply for the 工学部私費外国人留学生特別選抜 within the same academic year.

III Eligibility Requirements for Applicants

Applicants for the ICP admission must satisfy both of the following requirements:

(1)	Must fall under either of the following two categories*:
	<p>a) Those who are non-Japanese citizens must have obtained “Student” status of residence at the time of enrollment. [category-1]</p> <p>b) Those who have Japanese citizenship, including dual citizenship, and non-Japanese citizen who have a status of residence other than “Student” in Japan at the time of enrollment. [category-2]</p>
(2)	Must fulfill at least one of the following five conditions**:
	<p>a) Have completed or be expected to complete at least 12 years of primary to secondary education in a country other than Japan by March 31, 2027. If they have completed less than 12 years of formal education, then this education must be recognized as equivalent by the Japanese Ministry of Education, Culture, Sports, Science and Technology (MEXT) ^{*1},</p> <p>^{*1} List of Courses of Foreign Schools Corresponding to Upper Secondary Schools Designated by MEXT (less than 12 years education): https://www.mext.go.jp/en/policy/education/highered/title02/detail02/sdetail02/1395423.html</p> <p>b) Have completed or be expected to complete at least 12 years of primary to secondary education in an educational institution located in Japan which is based on a foreign country’s education system and is recognized by MEXT by March 31, 2027.</p> <p>c) Have completed or be expected to complete at least 12 years of primary to secondary education at an educational institution accredited by the Western Association of Schools and Colleges (WASC), Association of Christian Schools International (ACSI), the Council of International Schools (CIS), the New England Association of Schools and Colleges (NEASC), Cognia, or Council of British International Schools (COBIS) by March 31, 2027.</p> <p>d) Have been awarded an International Baccalaureate, the German Abitur, Baccalaureate, General Certificate of Education Advanced Level (GCE A-Level) in U.K., International A-levels, or European Baccalaureate by March 31, 2027.</p> <p>e) Be in possession of an educational background that is recognized by Kyoto University as equivalent to a) above before the application starts.</p>

* Applicants who fall under [category-2] at the time of enrollment will not be eligible for scholarships intended for “International students”.

**Applicants who have graduated/will graduate from a high school or secondary education school in the Japanese education system are not eligible to apply. Those who have/had received a certain part of their education in the Japanese education system during primary or secondary school may be regarded as ineligible for application depending on the length. Instead, they are encouraged to take the “Common Test for University Admissions/General Admissions” and consider choosing this program.

Once the applicants' eligibility is confirmed, they must submit the official scores of the designated standardized tests and English proficiency tests by the end of the application period. Therefore, those who are judged to be unlikely to be able to submit the scores by the application deadline will not be able to apply, even if they meet the eligibility requirements.

Eligibility will be verified by the admission committees during the preliminary screening. The office does not respond to individual eligibility inquiries via email or phone.

IV Admission Calendar

PRELIMINARY ELIGIBILITY SCREENING	
August 3 to 17, 2026 5 p.m. JST	<p>All applicants must access the Online Application System to provide information and upload required documents (1)-(4) listed on page 6.</p> <p>The result of the eligibility screening will be announced through Online Application System on September 1.</p>
APPLICATION	
September 4 to 11, 2026 5p.m. JST	Those whose eligibility is confirmed must pay the examination fee and upload the required documents (5)-(10) listed on page 6~9.
FIRST SCREENING (Documents Review)	
Late September	The application documents will be reviewed by the admission committees.
Early October	Results of the first screening will be announced. The Examinee's Registration Number and information on the second screening will be notified to those who have passed the first screening.
SECOND SCREENING (Online Interview)	
Late October	Applicants who passed the first screening will have an online interview.
November 10	The second screening results will be announced.
ENROLLMENT PROCESS	
December 4	Due date for payment of the admission fee.
December 7	Acceptance Letter for Admission will be mailed to the successful applicants.
Late December	Visa applications.
Late March to Early April, 2027	Arrival in Japan.
April 7, 2027	Entrance ceremony at Kyoto University.

V Application Fee

Once you receive the notification of your eligibility for application, please proceed with the payment procedure for the Application fee (**17,000 yen**). It can be paid by way of the following two options:

[By credit card]

VISA, Master Card, JCB, AMEX or Diners Club is acceptable. A processing fee of 650 yen will be charged. It is possible to use a card with a name that is different from that of the applicant (e.g., examinee's parents). As for the email address, it must be the same address that you enter into the Online Application System. Please access the following website and follow the instructions.

<https://www3.univ-jp.com/kyoto-u/en/eng1/>

The "Payment Certificate" PDF must be printed out and uploaded as one of the application documents.

[By bank transfer]

Please make a payment via foreign remittance in yen to the account as detailed below. The original receipt of foreign remittance issued by your local remitting bank or other form of evidence must be uploaded on the Online Application System. **You may be required to pay bank charges to your local remitting bank**, depending on the arrangements for international money transfer in yen via your banking system. Consult with your bank to ensure that the amount to be credited to the Sumitomo Mitsui Bank account detailed below **does not fall short of 17,000 yen**.

➤ **Details for paying the application fee**

Remittance by: telegraphic transfer

Payment method: advise and pay

Foreign exchange fee: to be paid by payer

Total amount to be transferred: **17,000 yen, excluding transfer commission**

Purpose of remittance: application fee

Remit to: Bank Name: Sumitomo Mitsui Banking Corporation

Branch: Kyoto Branch

Bank Address: 8 Naginataboko-Cho Karasumahigashiiru Shijo-dori Shimogyo-ku,
Kyoto City 600-8008, Japan

SWIFT Code: SMBCJPJT

Payee: National University Corporation, Kyoto University

Account No.: 496-8089351

University Address: Yoshida-Honmachi, Sakyo-ku, Kyoto City 606-8501, Japan

Note:

- The name of the individual making the payment must be the same as in his/her passport, and be in the order of [Family Name(s)], (First Name), (Middle Name).
- If the name of the individual making the payment is not the same as the person applying for entry to Kyoto University, indicate the name of the applicant in the "Message to Payee" space.
- Those who fail the first screening may request the partial refund of the application fee. However, it will not be refunded due to any other personal circumstances.

Fees upon enrollment (subject to change)		
Application Fee	17,000 JPY	By the end of the application period
Admission Fee	282,000 JPY	By the early December, 2026
Fees after enrollment		
Tuition Fee	535,800 JPY (in two parts)	1 st semester; May. 2 nd semester; October 2027.

VI Application Documents

All documents must be received by the Admission Office during the application period. Applications, including the submission of the required documents, must be made via the Online Application System **by no later than 17:00 (JST) on September 11, 2026.**

Some of the documents may be uploaded by the relevant school.

If it is necessary for a school to upload an application document such as official transcript, the applicant must send a request to them via the Online Application System. It is the applicant's responsibility to make the necessary arrangements to ensure that all required documents and information are uploaded to the Online Application System during the application period specified above. It is not necessary for schools to create an account to log into the system. For details of how to send a request for the upload of documents, please refer to the "User Manual" of the Online Application System.

After uploading the documents and other information, please be sure to click the "Complete" button otherwise your application will not be received. Late or incomplete applications will not be considered.

In addition to the above, applicants who pass the second screening will be required to send original copies of the designated application documents to the Admission Office via registered mail before the payment of the admission fee in December.

Online Application System

(Preliminary Eligibility Screening, mandatory for all applicants)

URL: <https://kjs.gakusei.kyoto-u.ac.jp/ICP2027pre>

It will open August 3 and automatically close at 5PM on August 17 (JST).

(Application)

The URL for application will be announced after the Preliminary Eligibility Screening process to those whose eligibility is confirmed by the committee.

User Manual for Online Application System is available at our website.

We highly recommend that all the required documents be ready in the form of JPEG/JPG, PNG, GIF, PDF before entering the Online Application System.

Form A-D can be downloaded from our website.

<https://www.s-ge.t.kyoto-u.ac.jp/int/en/admission/application/guidelines>

The website also includes instructions on how to complete the forms.

If unforeseen, exceptional circumstances such as natural disasters or the political situation in the applicant's country do prevent the timely submission of a document, please contact the admission office in time.

Documents to be uploaded for the Preliminary Eligibility Screening. (August 3-17)	
(1) Digital Photo	<p>A digital photograph of the applicant taken within the last three months. Front-facing, showing shoulders and above. The photo must be taken with no hat or head covering, unless there are religious or medical reasons for such. The use of filters, editing, and AI generation on photographs is strictly prohibited. This photograph is used to verify the identity of applicants for the interview screening.</p>
(2) Copy of Passport	<p>Copied page(s) must include the applicant's name and photograph, the passport number, place of issue, and expiry date. If the applicant does not have a passport, a copy of their official photo ID and its English translation are also acceptable. (An English translation prepared by the applicant is acceptable.)</p>
(3) Transcript of Academic Record	<p>The Transcript of Academic Record should cover the applicant's entire secondary school (high school, from the 1st year till graduation) or higher education (if applicable) and be issued by the head of the school to which the applicant currently belongs, and/or from which he/she has most recently graduated. If the transcript of the academic record is not in English, both the original and its English translation must be submitted. (The translation may be prepared by the applicant.)</p>
(4) Form A or A copy of the original Certificate of Graduation.	<p>Form A must be completed by the secondary school (high school) from which the applicant has graduated. If the applicant's school does not agree to use the Form A, the school's own format will be accepted if it contains the same information as Form A.</p> <p><u>For the applicant who has graduated</u> from high school by the time of application must submit documents below.</p> <ul style="list-style-type: none"> • Form A or a copy of the Certificate of Graduation with English translation. (An English translation prepared by the applicant is acceptable.) <p><u>For the applicant who has not graduated</u> from secondary school by the time of application must submit below.</p> <ul style="list-style-type: none"> • Form A

Documents to be uploaded once the eligibility is confirmed. (September 4-11)	
(5) Form B Essay in English (Personal Statement)	Applicants must write a short essay (1000 words maximum) that answers the question “What are the current and future societal challenges that Civil Engineering can address?” <u>Write your name in block letters with your signature at the bottom of the essay.</u>
(6) Form C Financial Plan	Form C: Describe within 300 words how you intend to cover the required expenses (tuition fees, living expenses) during the four years it normally requires to complete the International Course Program.
(7) Score of English proficiency test result.	<p>[English Proficiency Test] Only TOEFL iBT or IELTS academic modules are acceptable. Applicants must take one of these tests by mid-August at the latest so the admission office can verify the official scores online by the end of the application period.</p> <p>*English score exemption* Applicants who will/have spent at least five years at school(s) where all lectures and classes (except for language classes) were conducted in English to complete their secondary education may submit Form D instead of an English proficiency test result.</p> <p><u>TOEFL</u> <u>A copy of Test Taker Score Report, which ETS sends directly to the applicant’s home address, or which is downloadable from the website of ETS, must be uploaded.</u> Applicants must request ETS to send the Institutional Score Report in time for it to reach Kyoto University by September 11, 2026. The paper version is not needed. The institution code number for Kyoto University is 9501. There are no specific code numbers for faculties. The score of TOEFL-iBT (Internet-Based Test) is acceptable. The score of TOEFL-iBT Special Home Edition is also acceptable. <i>MyBest</i>TM scores are not acceptable. The minimum requirement is 72 on the current 0-120 scale or 4.0 on the new 1.0-6.0 scale for the iBT. The score is valid only if the examination date is after August 1, 2024. <u>Results of TOEFL ITP (Institutional Testing Program) will not be accepted.</u></p> <p><u>IELTS (Academic Module)</u> A copy of the Test Report Form must be uploaded. The minimum requirement is 6.0 for the IELTS Overall Band Score. The score is valid only if the examination date is after August 1, 2024. The score of the IELTS Indicator is NOT acceptable.</p>
(8) Copy of “Score Report” for EJU*	A copy of the Score Report for the EJU (Examination for Japanese University Admission for International Students), must be uploaded. The required examination subjects are Mathematics (Course 2), Physics and Chemistry . Kyoto University will be notified directly of the score results from JASSO as well - examinees will be identifiable by their examinee registration number shown on the copy of the Score Report for the EJU. EJU scores are valid only if the examination date is after August 1, 2024 (such as the 2 nd EJU which took place in November, 2024).

*** If the applicant cannot take the EJU, they must submit one of the following scores instead.**

<p>(8) Score of the International Tests, International Qualifications and others which can be accepted instead of the EJU.</p> <p>* Some of the tests do not cover all the topics that the EJU covers. Therefore, students who can manage to take the EJU test are highly recommended to take this test. Even if another test is taken, please ensure that the topics covered by the EJU are well reviewed and studied in advance of the second screening and university enrollment.</p> <p><u>*The predicted scores issued by the secondary school are not acceptable.</u></p>	<p>ACT (American College Test), International A-level, IB (International Baccalaureate), AP test, GaoKao, CBSE (Class XII) have been accepted instead of EJU.</p> <p>*Final scores must be submitted for Mathematics (for science courses), Physics and Chemistry. Please see below for the requirements of each test.</p> <p><u>*The score is valid only if the examination date is after August 1, 2024. Preliminary /Predicted scores are not accepted.</u></p> <p>*Applicants who cannot take any of above-mentioned tests should contact the Admission Office <u>at least two weeks before the start of the preliminary eligibility screening period</u> to ask whether the National Standardized Test of their country is acceptable or not.</p> <p>*Late submission will never be accepted for any reasons.</p>
	<p style="text-align: center;">REQUIREMENTS OF EACH TEST</p> <p>ACT (American College Test)</p> <p>The score of Mathematics and Science are required. ACT taker should make a request to the ACT center for sending the score to Kyoto University, the institution code number is 1745. Also, downloaded or screenshotted My ACT page which includes your name, scores and ACT ID is required to be uploaded as an application document.</p> <p>International A-level</p> <p>The score of Mathematics, Physics and Chemistry is required. Cambridge International A-level taker should submit the Electric Statement of Result. Pearson Edexcel International A-level taker should submit the Candidate Statement of Provisional Result. They must be with validation stamp by the secondary educational institution or relevant government authority, etc.</p> <p><u>*The predicted scores offered by secondary schools are not acceptable.</u></p>

	<p>IB scores</p> <p>Math and Physics must be High Level. Chemistry Standard Level can be acceptable. <u>The predicted scores issued by the secondary school are not acceptable.</u> The copy of the results should be with validation stamp by the secondary educational institution or relevant government authority, etc. and its English translation must be submitted, if the score record is not written in English.</p> <p>AP test</p> <p>The scores of 5 courses below are required.</p> <p>Mathematics: Calculus AB or Calculus BC Physics: Physics 1 and Physics 2 and Physics C: Mechanics Chemistry: Chemistry</p> <p>The copy of the results should be with validation stamp by the secondary educational institution or relevant government authority, etc. and its English translation must be submitted, if the score record is not written in English.</p> <p>GaoKao</p> <p>The score of Mathematics, Physics and Chemistry is required. The General Science including Physics and Chemistry is also acceptable. The scores should be with validation stamp by the secondary educational institution or the Verification Report of China College Admission Examination Scores is preferable. And its English translation must be submitted, if the score record is not written in English.</p> <p>CBSE</p> <p>The score of Mathematics, Physics and Chemistry is required. <u>The predicted scores issued by the secondary school are not acceptable.</u> The scores should be with validation stamp by the secondary educational institution or relevant government authority, etc. and its English translation must be submitted, if the score record is not written in English.</p>
(9) Application fee Payment Certification	<p>“Payment Certificate” issued by the EX-system for Credit Card users. A receipt slip from the local bank for Bank transfer users.</p>
(10) Bank Information Sheet for refund	<p>A partial refund of application fee will be available for those who fail at the first screening.</p>

Documents to be sent via registered mail (After second screening)	
The original copy of Form A or Certified copy of the Certification of Graduation.	Applicants who pass the second screening will be required to send the original copy of the Form A or a certified copy of the Certification of Graduation to the Admission Office via registered mail before the payment of the admission fee in December.

VII Selection Method and Announcement of Results

The selection procedure will be in two parts. The first screening stage will involve an examination of the submitted documents, which are the candidate's scores in English, Mathematics, Physics and Chemistry.

If only General Science is provided in the candidate's national standard test, and Physics and Chemistry cannot be selected individually as is the case with the Chinese national standard test, the score of General Science containing questions in physics and chemistry will also be accepted.

The result of the first screening will be notified to each applicant in early October, 2026. Applicants who do not pass the first screening will be refunded part of their application fee on their request.

For applicants who pass the first screening, a second screening will be carried out. This second stage will be an evaluation of the applicant's aptitude based on the essay (see **V Application Documents (5)**) and basic knowledge of mathematics and physics via an online interview.

As the Admission Office will be in contact by E-mail to arrange this interview, it is the applicant's responsibility to check their mailbox during this time.

The examination results will be announced via the Online Application System on **November 10, 2026**.

Any inquiries relating to the examination results will not be accepted.

However, all applicants must have an active E-mail address to enable quick communication during the admission process.

VIII Enrollment Procedures for Successful Applicants

(1) Admission and tuition fees

Admission fee: 282,000 yen (tentative)

Tuition fee: 267,900 yen for Spring Semester (535,800 yen per academic year) (tentative)

Note:

- The amounts quoted above are tentative and may be revised at the time of enrollment.
 - The admission fee must be paid **by December 4, 2026** to obtain the Acceptance Letter for Admission, which is essential for visa application.
 - Applicants may apply for the deferred payment of the admission fee if necessary.
- (2) Details of enrollment procedures, for example documents to be submitted, method of payment of the admission fee and so on, will be provided to the successful applicants with the notification of examination results.
- (3) Successful applicants are asked to inform the office immediately if they decide not to enroll.
- (4) Successful applicants must be able to provide for their admission and tuition fees and living expenses in Japan.

IX Scholarships, Accommodation and Life in Kyoto

● ICP Scholarship

The university and the alumni association of civil engineering related departments provide scholarships for students who have superior grades.

● MEXT Scholarship [university recommendation]

Kyoto University will recommend several of successful applicants of this program who meet all the criteria specified by the MEXT. Those applicants will be contacted individually with the notification of the second screening result. For further information about this scholarship, please check our website.

● MEXT Honors Scholarship for Privately Financed International Students

Applicants who achieve a superior score in the EJU might be eligible to receive an Honors Scholarships for Privately Financed International Students after enrolling in a Japanese university. Those who wish to be considered for the scholarship must indicate their intention in their EJU application. This scholarship is only available for those who reside in Japan with “Student Visa” status. For more information, please see the “Reservation Program for Honors Scholarships for Privately Financed International Students” at the following website: https://www.jasso.go.jp/en/ryugaku/scholarship_j/shoreihi/yoyaku_eju/index.html

- The university reserves accommodation for the first-year students newly arriving in Japan. The rent will be reasonable, based on current rental prices in Kyoto.
- Comprehensive support by English-speaking staff will be provided to international students to assist them with their living and studying needs in Kyoto.

X Admission Policy

Philosophy and Objectives

The Faculty of Engineering, Kyoto University, emphasizes the building of a solid foundation for learning, under the tradition of a liberal academic environment. A liberal academic environment is one where students are encouraged to view the world free of preconceptions by garnering a scientific eye. This entails the development of a critical attitude toward academia, and becomes a solid foundation for learning. It is widely perceived that the focus of the Faculty of Engineering is largely on applied technologies. However, the Kyoto University approach differs from the general perception and is somewhat unique. In short, the Faculty of Engineering, Kyoto University, adheres to its principle academic approach based on its belief that a deep understanding of the basics is essential for applying technologies to a wide variety of situations in the future.

Through this approach to education, the Faculty of Engineering, Kyoto University, has continually produced alumni who are capable of applying their expertise to a broad range of activities, independently and creatively tackling entirely new challenges, and who possess a deep knowledge base and strict sense of integrity.

Student Profile

The following persons are welcome to enroll in our program:

1. Individuals who possess a thorough command of the knowledge from their secondary school education, and who have the competence to undertake a post-secondary education in fundamental scientific principles in the Faculty of Engineering.
2. Individuals who are free of preconceptions, who strive to verify and understand the mechanisms behind matters firsthand.
3. Individuals who have the enthusiasm and vitality to creatively explore new fields of technology.

XI Contact Information

If you have any questions about admission to the Undergraduate International Course Program of Civil Engineering, please contact the following administrative office:

Admission Office of the International Course Program
Educational Affairs Division, Faculty of Engineering, Kyoto University
Phone: +81-75-753-4700
E-mail: icp_ug@t.kyoto-u.ac.jp

*Before making an inquiry, please refer to the following web pages.

<https://www.s-ge.t.kyoto-u.ac.jp/int/en/admission/application/guidelines>

<https://www.s-ge.t.kyoto-u.ac.jp/int/en/admission/faq>

The information in these guidelines is subject to change without notice. Please refer to the latest information available at: <https://www.s-ge.t.kyoto-u.ac.jp/int/en>

XII Application Flowchart

STEP
1

Preparation

- ✓ Read this Guidelines and website contents carefully
- ✓ Prepare the score of Standardized Test and English Proficiency Test
- ✓ Request the school to issue the certificate and transcript

STEP
2

Preliminary Eligibility Screening [Required for ALL applicants]

- ✓ Access Online Application System and provide your educational background information.
- ✓ Upload “Certificate of Graduation”, “Academic Transcript” etc.

Result of Eligibility screening will be announced in Early September

STEP
3

Application

- ✓ Make a payment for the entrance examination fee.
- ✓ Upload **the rest of application documents** such as, essay, scores etc.

[First screening based on application documents]

STEP
4

Second screening (Interview)

- ✓ Read the information sheet which will be sent to those who pass the first screening carefully.
- ✓ Prepare the online setting and the connection before the interview day.

The examination results will be announced via email and posted on the university’s website **on November 10, 2026.**

The information in these guidelines is subject to change without notice.
Please refer to the latest information available at: <https://www.s-ge.t.kyoto-u.ac.jp/int/en>

The screenshot shows the website for the Undergraduate International Course Program of Civil Engineering at Kyoto University. The page features a navigation menu with links for 'About', 'Admission', 'Campus Life', and 'Educational Events'. A large banner image shows a group of students in a classroom setting, with the text 'COME AND JOIN US! Enjoy a wonderful study and research environment'. On the right side, there are sections for 'DOWNLOADS' (including 'GUIDELINES FOR APPLICANTS' and 'BROCHURES') and 'GET INFORMATION' (including 'FAQ', 'FINANCIAL AID', 'INTERNATIONAL INTERNSHIP', 'INTRODUCTORY MOVIE', and 'CONTACT US'). A QR code and a search icon are also visible in the top right corner.
